**THIS IS A NEW CONTRACT.**

---

This is Primary Contract. Use this contract unless vendor cannot provide. Secondary Contract # AR1440.

This contract covers only those items listed in the price schedule. It is the responsibility of the agency to ensure that other items purchased are invoiced separately. State agencies will place orders directly with the vendor (creating a PG in Finet) and make payments for the same on a PV referencing the original PG. Agencies will return to the vendor any invoice which reflects incorrect pricing.

“Authorization Required” (AR) for all state agencies, with authorization to come from ITS. The authorization requirement will not apply to political subdivision purchasers. The contractor will be required to ensure that they are not accepting orders from state agencies that may have failed to receive authorization from ITS; contractor must verify with ITS every state agency related order. The contact person at ITS is Norm Johnson (801) 965-4538. Any failure to comply with this requirement can result in contract cancellation.
